Forecast for Friday 15 Jul 2022

Weather: Overnight rain clearing south through the morning to leave a drier day with a few showers and whilst a few bright spells are possible, it will remain cloudy by and large. The best of any sunny spells expected late-afternoon and early-evening.

Chance of cloud-free hill tops above 800m: 40% early hours until midday, then 80%.

Low cloud and visibility: Low cloud down to 400 or 500 m through the early hours until midday. Cloud mainly above summits through the afternoon and early evening, lowering to around 800 m later in the evening. Good visibility away from cloud becoming poor in overnight and morning rain.

Met Office Aberdeen Meteorologist's View
Remaining quite cold on the summits with feels like temperature near freezing.

Forecast for Saturday 16 Jul 2022
Weather: Any early-morning low cloud covering the summits soon clearing to a mainly dry and sunny day, although some higher cloud at times. A few spots of rain possible through late-afternoon and evening, though low confidence for this aspect of the forecast.

Maximum wind: Southwesterly, mean 20 mph gusting 30 mph.

Chance of cloud-free hill tops above 800m: 50% until mid-morning, then 90% through the day and 60% into the evening.

Low cloud and visibility: Low cloud occasionally down to 500 or 600 m until mid-morning and through the evening, otherwise above summits. Good visibility away from cloud.

Temperature: **Glens:** Plus 8 Celsius rising to plus 19 Celsius.
At 800m: Plus 6 Celsius rising to plus 11 Celsius.
Freezing level: Above summits.
